

VENUS SPEAKER

MOUNTING INSTRUCTIONS

1. Put on gangbox or screw directly to ceiling. Insert wire thru holes and make sure you have enough to reach speaker terminal.

2. Tighten screws.

3. Put plastic cap thru top of the pipe. Run wire thru 1" pipe.

4. Put 1/4" x 20 screw thru hole and drill in. Add nut for security.

5. Slide plastic cap up to cover screw.

6. Slide second plastic cap up approx. 8" from bottom of the pipe.

7. Insert pole over body stem of the Venus speaker and add screw in with 1/4" x 20 screw - add nut for security. Connect speaker wire.

8. Pull down the plastic cap to cover the screw.

9. Completed installation.
